- Agricultural

 1/2

How much of the syllabus was covered in the class?

 Copy

288 responses

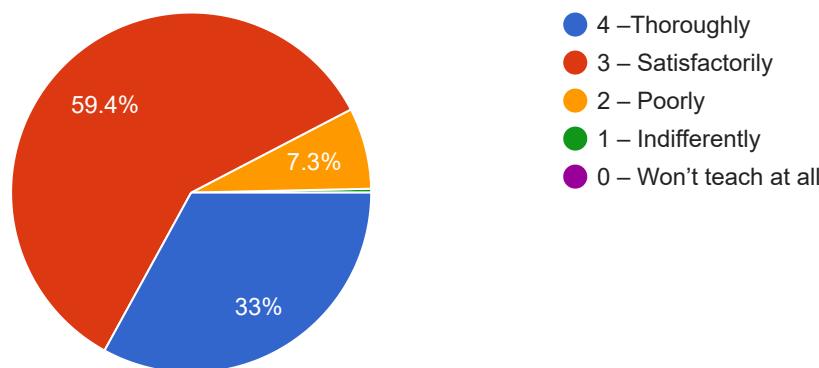

- 4 – 85 to 100%
- 3 – 70 to 84%
- 2 – 55 to 69%
- 1 – 30 to 54%
- 0 – Below 30%

How well did the teachers prepare for the classes?

 Copy

288 responses

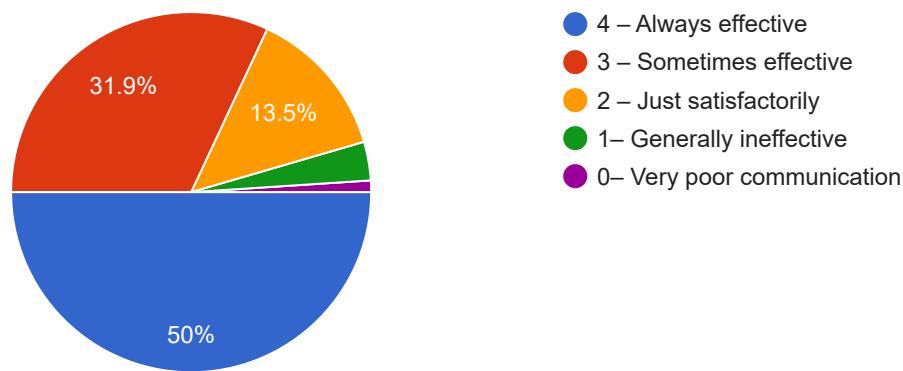

- 4 – Thoroughly
- 3 – Satisfactorily
- 2 – Poorly
- 1 – Indifferently
- 0 – Won't teach at all

How well were the teachers able to communicate?

 Copy

288 responses

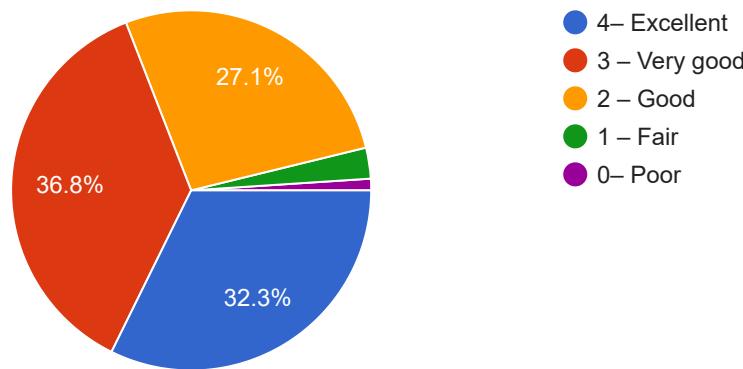

- 4 – Always effective
- 3 – Sometimes effective
- 2 – Just satisfactorily
- 1 – Generally ineffective
- 0 – Very poor communication

The teacher's approach to teaching can best be described as

 Copy

288 responses

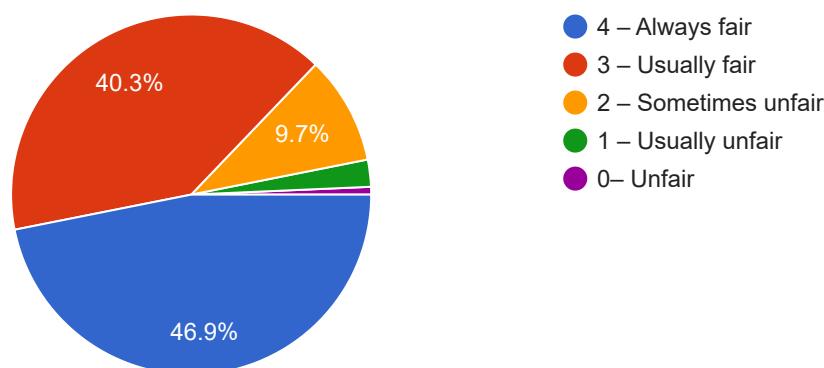

- 4 – Excellent
- 3 – Very good
- 2 – Good
- 1 – Fair
- 0 – Poor

Fairness of the internal evaluation process by the teachers.

 Copy

288 responses

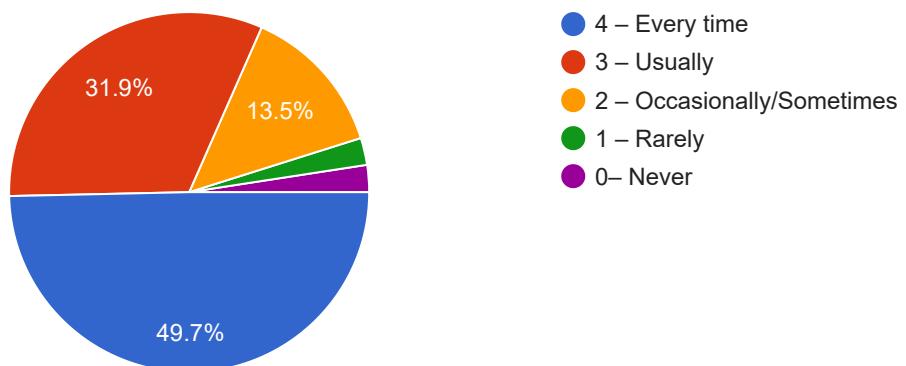

- 4 – Always fair
- 3 – Usually fair
- 2 – Sometimes unfair
- 1 – Usually unfair
- 0 – Unfair

Was your performance in assignments discussed with you?

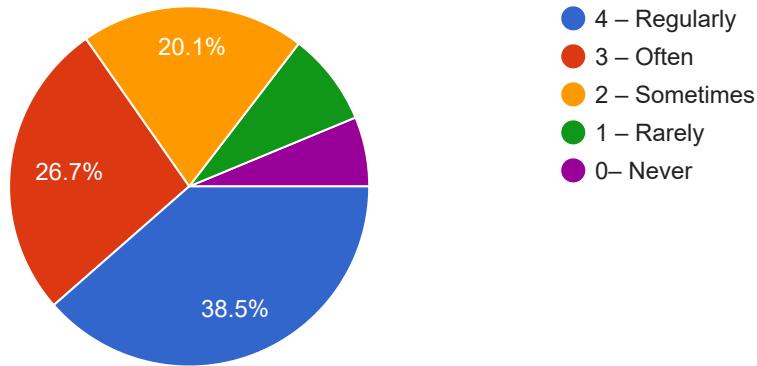

288 responses

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

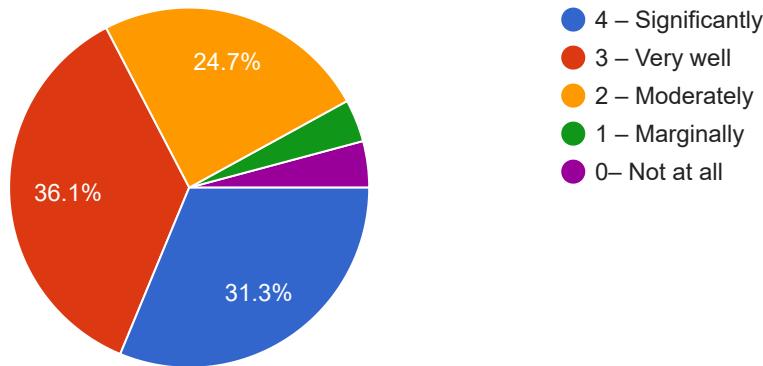

288 responses

The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth

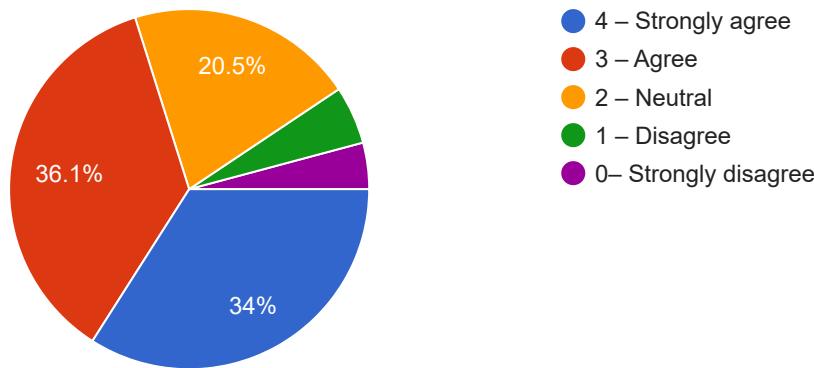

288 responses

The institution provides multiple opportunities to learn and grow.

 Copy

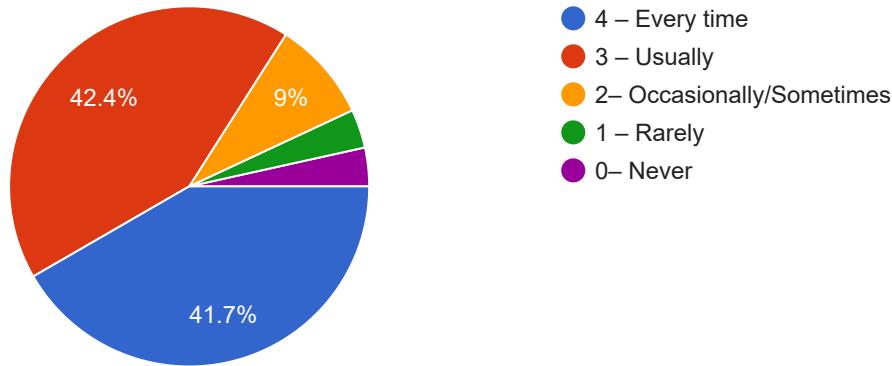

288 responses

Teachers inform you about your expected competencies, course outcomes and programme outcomes.

 Copy

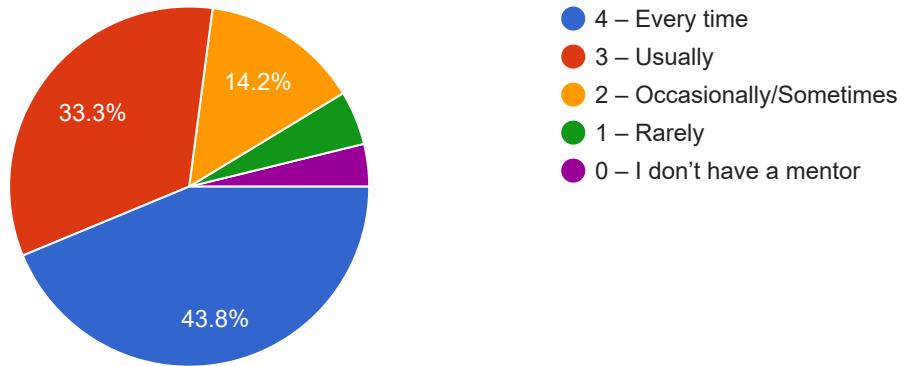

288 responses

Your mentor does a necessary follow-up with an assigned task to you.

 Copy

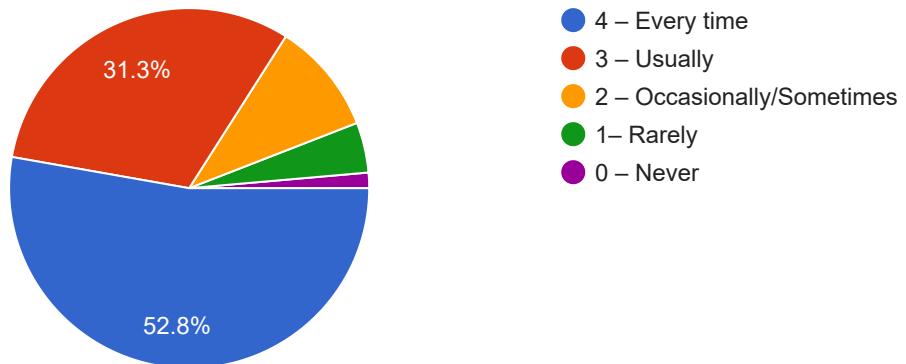

288 responses

The teachers illustrate the concepts through examples and applications.

 Copy

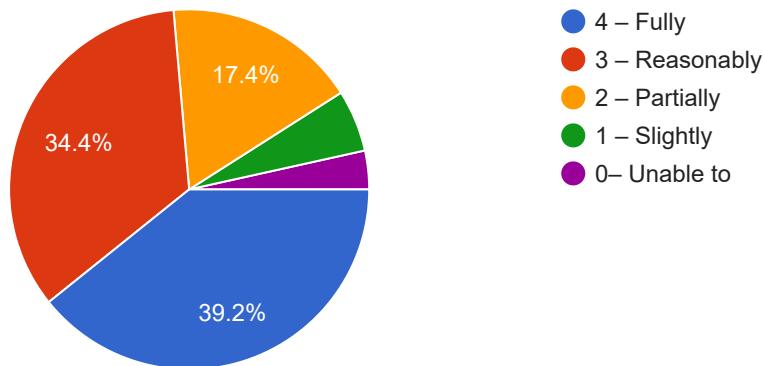

288 responses

The teachers identify your strengths and encourage you with providing right level of challenges

 Copy

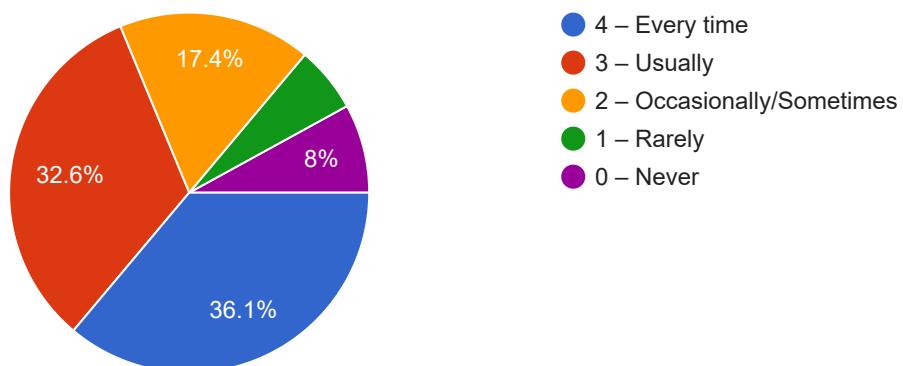

288 responses

Teachers are able to identify your weaknesses and help you to overcome them.

 Copy

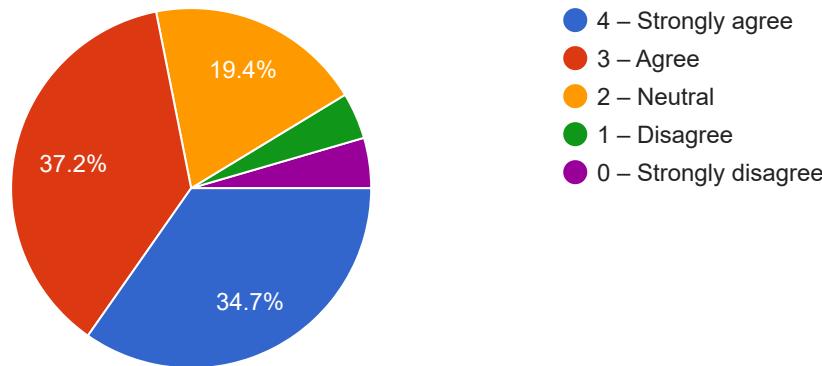

288 responses

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

 Copy

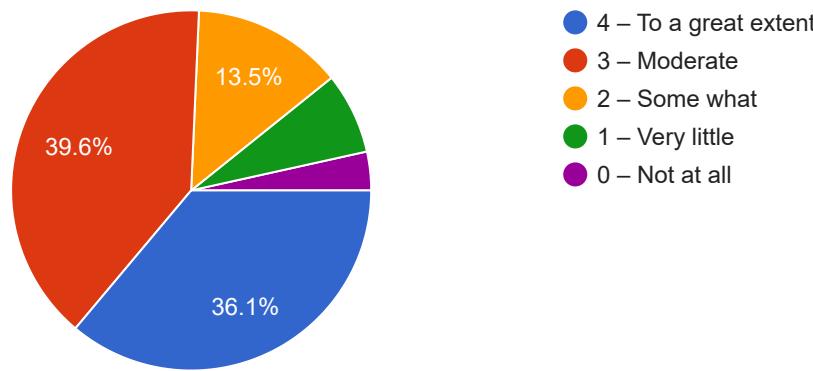

288 responses

The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

 Copy

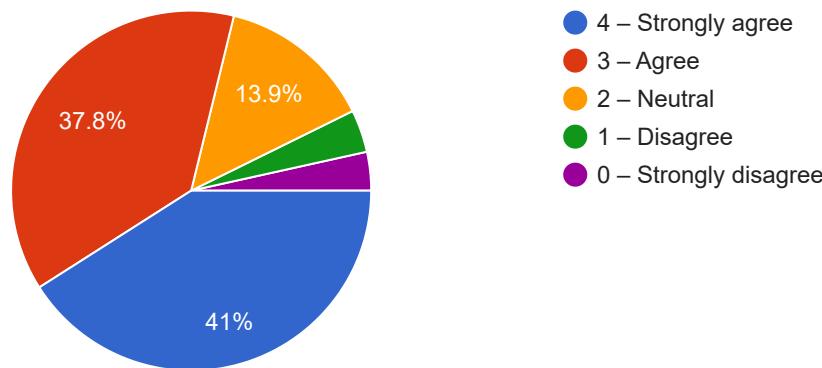

288 responses

Teachers encourage you to participate in extracurricular activities.

 Copy

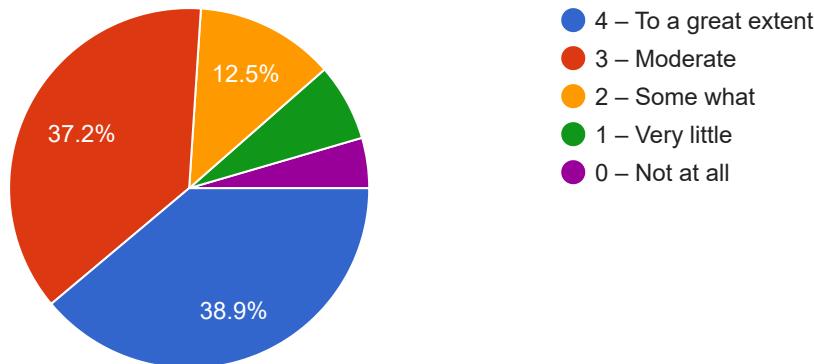

288 responses

Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

 Copy

288 responses

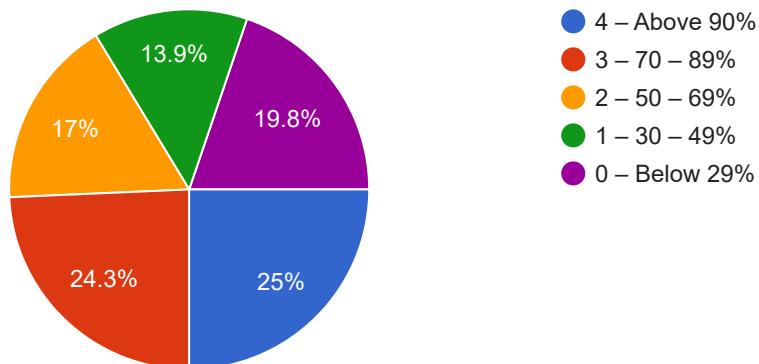

- 4 – To a great extent
- 3 – Moderate
- 2 – Some what
- 1 – Very little
- 0 – Not at all

What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

 Copy

288 responses

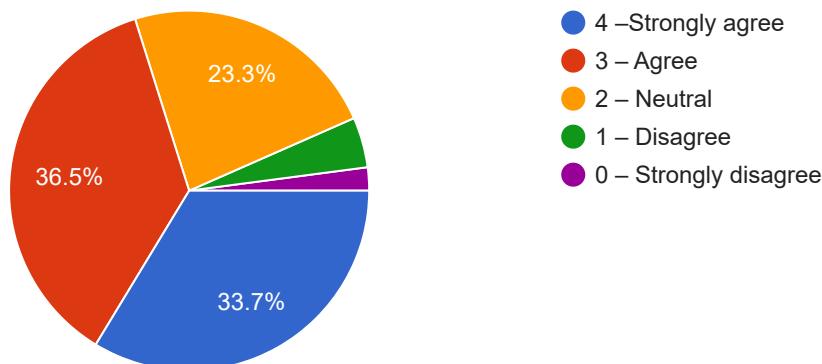

- 4 – Above 90%
- 3 – 70 – 89%
- 2 – 50 – 69%
- 1 – 30 – 49%
- 0 – Below 29%

The overall quality of teaching-learning process in your institute is very good.

 Copy

288 responses

- 4 –Strongly agree
- 3 – Agree
- 2 – Neutral
- 1 – Disagree
- 0 – Strongly disagree

Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

Repeat the important points.

Keep it clear even if you can't keep it simple.

Use better graphics and visual media to engage students well.

NA

Allow more placement opportunities

Ntg

Giving more examples while teaching

Nice

Worst teachers management in college

I think we need more practical sessions

Focus on visual teaching

We appreciate your advice and all of your help.

Industrial visiting to other companies
(IV)

Our college has good campus , facilities and faculty. Class rooms and library are very good . The faculties are very good and experience they understand us and teach well.

All good

please provide us quality teachers who knows how to teach , still ours syllabus are pending but non of any hod or teacher is bother about it, in our AIML department of 2nd year irregular of faculty ,please do provide us quality education ,because we are paying our hard earned money of parent, and principle dont take care of all this he just think about himself.

we all are praying to god how to pass

we dont konw about feature but i humble request you to not play with features of student non of any body are coming free to take education ,we all are asking just provide us quality of faculty teachers and education

please

thank you

W

To improve the student's in studies still more who are weak in learning.

Very good teaching by institution. Please continue

Excellent 🙌

All good ❤

More experienced and explainable teachers

1. Implementing interactive teaching methods: Encourage instructors to incorporate interactive elements such as group discussions, case studies, and hands-on activities to actively engage students and enhance their understanding of the subject matter.

2. Embracing technology for enhanced learning: Integrate educational technology tools to create a more dynamic learning environment. This could include virtual labs, online resources, and collaborative platforms to facilitate remote learning and broaden access to educational materials.

3. Regular feedback mechanisms: Establish a systematic feedback system where students can provide input on the teaching methods, course content, and overall learning experience. This helps in identifying areas for improvement and tailoring teaching approaches to better meet the needs of the students.

Teachers are guiding very well

They are doing the best no suggestions Thank you

In depth teaching with visualization effect is needed

No observations/suggestions because the overall teaching in our department is good.

Excellent overall

No suggestions as most of the syllabus is covered in an understandable way for the students

It will be more understandable if the teachers use the projectors

We are lucky to have this type of teachers Because they are fabulous

Providing proper notes .

Assigning students with a small work everyday so it helps them to cover topics .

Teaching through any real time example

N/a

The overall Teaching process is excellent

- 1) Firstly they have to maintain infrastructure that feels students to constrate(feels free)
- 2) Teachers in some department have to stop discouraging students about studies they have motivate them to study well
- 3) College management have accumulate the experienced and knowledgeable Teachers for institution

They must improve their teaching skills

To keep class interesting the smart class rooms are necessary

Use better graphics and visual media to engage with students.

Repeat the important points.

Keep it clear even if you can't keep it simple.

Makeing extra culture activity, rectification student weakness, challenging the student strength either in studies or sports

Need some changes in few subjects

Communication skills

Overall it's good nothing to be changed

1. The facilities must develop more exclusive way of teaching with new technical ideas. 2. Should try to overcome the dept constraints and do something which encourages students for new innovations. 3. Facilities can try to get patents, research papers motivating the students with the same. 4. Institution must ensure smooth running of the academic process (to avoid sharing the notification at the neck top moment).

.....

.....

.....

Should be friendly with every students,

Proper material shd b provided for students

assignments should not be too lengthy

Smart classes method

Daily use of projector,Making the concepts easy to understand, reducing paper work to understand the topics in class

Gv a tips to write exams in easy ways.

More extra Cocuricular activities and the teaching staff should be more and effective teaching should be improved

Before coming class prepare the topic very well

Interact to students easily

Maximum 2 hours class is enough for a subject per day more than its goes it's boring

More extra cocircular actives should be done

Increase in the teaching staff should be increase

We need more Effective teaching

Teaching is satisfactory

Teaching is satisfactory!!!

More to contact with students

Teaching is good

No suggestion

Giving Tips And Guidance to Clear Backlogs

Teaching should be given through real time examples

Institute should support students who are engaged in Internship by providing attendance and other means.

Explain little more

Giving more practical exercises like program doing in projectors

All good

Good .

Little more concentration on students required

Analysis students

By making teaching simple and fun not by making it complicated

By not giving assignments where we write answers directly than that we can be advised to give assignments to do research and conduct a seminar on those topics so children can improve their knowledge and communication skills.

Do regular classes time to time

Requesting for good campus recruitment for 2024 batch

Okay

Some time good

Should use ICT tools , should provide internships and industrial visits , need more placement opportunities

1. Should encourage soft skills

2. should provide training on other activities which is needed for placements

3. Institution should encourage in industrial visit

Everything Is Perfect

1. Use better graphics and visual media to engage students well.

2. Try to reach every student and ask for their doubts.

3. Make teaching a two way interaction.

1. I want all the teachers to use projectors and some ppt. So that we can understand better.

2. Internet connectivity is low... Plz I request you to provide good Internet connection

Everything's great.

Improve teaching techniques and make students understand the concepts, and regular discussions with students and teachers. Assisting students to learn for internships can help to

perform well in final exams.

Projectors for explanation and more examples while explaining.

Use projectors for explanation,to give more examples while explaining.

Lack of Skilled teachers, guide the students in the perspective of making them the good engineers, but not forcing them to attend classes (even having the minimum % of attendance), when it's not worthy. Partiality between the students is more in this institute. Teachers encourage the students who by the projects not who do it by themselves.

To often use LCD and projectors for classes and to clear all the concepts by giving proper examples

Overall nice

Overall good

Need to improve teaching and student interaction

Neutral learning experience

Looking forward for effective practical knowledge

Motivate the students provide the outside knowledge that to useful for students placements

Overall nice
