INTRODUCTION ABOUT TOPIC

Thought Leadership refers to a strategic approach where an individual or organization establishes themselves as a recognized authority and expert in particular industry, field, or area of expertise. Thought leaders are known for their innovative ideas, insights and valuable contributions to the industry, and they often play a significant role in shaping industry trends and practices.

QUALITIES OF EFFECTIVE THOUGHT LEADERS

- ✓ **Expertise:** Thought leaders have deep knowledge and expertise in their area of specialization. They are continuously learning and staying up-to-date with the latest developments and trends in their industry.
- ✓ **Authenticity:** Authenticity is crucial for thought leaders. They express their genuine beliefs and values, which resonates with their audience and builds trust.
- ✓ **Vision:** Thought leaders have a clear vision of the future and ability to articulate it to their audience.

DEPARTMENT OF MBA

- ✓ **Communication Skill:** Effective thought leaders are exceptional communicators. They can convey complex ideas in a clear and engaging manner through various channels, such as writing, public speaking and social media.
- ✓ **Open-mindedness:** While having strong beliefs, effective thought leaders are open-minded and willing to consider diverse viewpoints.
- ✓ **Influence:** Thought leaders have a significant impact on their audience and industry. They inspire and motivate others, leading to positive changes and advancements.
- ✓ **Problem-Solving Skills:** Thought leaders are adept at identifying problems and offering innovative solutions.

INTRODUCTION ABOUT SPEAKER

Mr. Sai Kumar P. was the keynote speaker of the webinar, brings with him a wealth of experience and knowledge, having worked in the hospitality industry for over 6 years. Sai Kumar has responsible for overseeing the overall functions of human resources at the Novotel Visakhapatnam, Varun Beach and The Bheemili Resort. He is closely with the cluster general manager and team to ensure that the hotel attracts and retains the best talent, creates a positive and engaging workplace culture and provides exceptional guest experiences. He is a talented HR professional with a Master of Business Administration (MBA) focused in Human Resource Management & Sales and Marketing from Visvesvaraya Technological University. Sai Kumar, Talent & Culture Manager at Accor

OBJECTIVES

- It's allow the speaker to reach a much wider audience than speaker could with traditional content marketing. This is because webinars can be recorded and shared on demand, which means that people can watch them at their own convenience.

(Approved by All India Council for Technical Education (AICTE), New Delhi
Affiliated to Visvesvaraya Technological University (VTU), Belgaum, Recognised by Government of Karnataka)

DEPARTMENT OF MBA

- It is a great way to build trust and credibility with speaker audience. When the speaker shares his expertise and insights in a live setting, it shows that the speaker is knowledgeable in his field.
- It can be a great way to generate leads for business, by offering something of value, such as a free eBook or white paper.
- It increases brand awareness by giving speaker a platform to share his company's message with a large audience.
- It combines their theoretical knowledge of business operations with the practical knowledge of its actual functioning.

OUTCOMES

1. Opportunity to Interact with Experts

Webinars provide students with a chance to meet leaders, professionals, entrepreneurs who share their wisdom, learning, and experiences. These interactions are useful to students in their career and help them in developing leadership qualities, management skills.

2. Interpersonal Skills Enhancement

Webinars help students to enhance their interpersonal, communication skills, and teamwork abilities. This webinar has, repeatedly proven to be an excellent platform for networking as the students interact.

3. Increased Visibility

Webinars allowing the speaker to reach and connect with students who may not have been aware of their expertise previously.

4. Building Authority

By sharing valuable insights and innovative ideas, the speaker can position themselves as an authority figure in their field, gaining trust and respect from the students.

DEPARTMENT OF MBA

- The program aimed at providing opportunities to learn more about research paper how to present it and how the title should be selected which helped research scholars to know many important things and also unknown facets about research paper and paper publication works.
- The main objective of conducting this program is to help research scholars and students of MBA final year who are going to present their project report. Helping them to choose apt title for the research paper and to help them with choosing appropriate platform to present their paper.
- Professional development: the program helped participants and research scholars clear their doubts and get clarity on certain important things like title of paper, content of paper, key words, publications and many more.

Overall the objectives of the program provided participants with the necessary knowledge, skills and tools to present research paper effectively, which can lead to career growth and success.

As program started with welcoming our chief guest Dr. Brijesh Singh who is professor of CMRIT Bangalore by Miss Praveena, student of MBA.

Dr. Brijesh Singh started the program by asking questions to faculties like how many of you presented research paper here and where you publish it, and how many papers have you presented till now.

And provided basic information regarding **Introduction to Research for Social Science** and provided a view on 360 degree view of research methodology which detailed whole concept of research methodology.

Sir had given the main important tool for preparing a research paper that is golden rules which are most important things to have in a research scholar to present a research paper.

Golden rules:

- Passionate
- Discovery
- Grab attention

And gave an inspiring definition on research defined by Sir Albert Einstein that is "The formulation of a research problem is often more essential than its solution".

"A problem well defined – is a problem half solved".

Dr. Brijesh Singh Gave a brief explanation on how to choose an appropriate title for the paper, and how to use E-learning tools which helps for research like google search, literature survey tool, one of the effective tools for literature survey is MANDELEY it's a free academic software. And about basics of writing a technical paper the format for writing it, the contents included in it and many more.

Topics covered on day-3

Dr. Brijesh Singh started the session with what is innovation and creativity, what is that one innovative thing which u can create newly and that can solve a problem sir said that he is ready to invest for our innovation and many participants and faculties started thinking and some of them answered and sir presented one video regarding an innovation which was regarding one chair for disabled and old people who are bedridden showing this as an example sir was trying to say that this is how your research paper should be full of innovative and creative thing which can be useful and attract the publisher.

Dr. Brijesh Singh also discussed about fundamentals of intellectual property rights about IPR and patents what are the things that are patentable, non patentable subject matter, different kinds and types of patents, patent duration, trademarks and term and duration for trademarks, copy rights, duration of copy rights and many more.

By discussing all these terms in detail sir explained how we can use copy rights or trademarks for our research papers or articles which helps us to safeguard our research papers from copyrights.

Topics covered on day-4

Dr. Brijesh Singh started the session with few interesting and tricky questions. Sir presented one picture and asked participants and faculties to answer how many triangles are present in the picture. And asked some quiz questions, and later told participants to draw half moon and told them to cut the moon into 6 parts which was very tricky this was very nice session where everyone enjoyed answering question and gave a task to their mind.

Dr. Brijesh Singh continued the session with an amazing survey called Gallup survey which included 12 questions which every person should need to know and what we have to consider while answering those questions.

Then continued the session by asking what are the skills required for a good researcher, and provided some suggestions like

- State a solution in their terms, not yours.
- Understand how they perceive your service.
- Keep focused, keep it simple.

DIFFICULTIES IN YOUR
LIFE DO NOT COME TO
DESTROY YOU, BUT TO
HELP YOU REALISE
YOUR HIDDEN
POTENTIAL AND POWER.
LET DIFFICULTIES
KNOW THAT YOU TOO
ARE DIFFICULT.

Dr. ARIALAM KALAM

Talked about challenges for startups like financial problem, struggling to gain, investment, lack of planning, struggling to build a customer base, difficult to grow business, cannot attract best talent and many more. And provided solutions for all these problems like pre planning, avoiding unnecessary cost, cost reduction, sources of funding, supporting documents with application. Which helped students and faculties to understand what is startups and how can it be done easily. And gave in depth information on startup India, financial management, marketing planning and strategy, business planning and growth, process improvement and innovation, talent management and many more which is important topics which should be known by every students and also it cleared doubts of faculties and participants.

And provided benefits for startups hiring a consultant which intern helps in

- Faster decision making
- Higher cash balance and cost savings
- Increase in sales
- More opportunities for growth
- Increased productivity

DEPARTMENT OF MBA

- start talking
- keep talking
- fully express their ideas and concerns
- It helps people to analyse accurately what others are trying to convey.
- It conveys to other people that you are understanding and acknowledge.

And provided some suggestions regarding how active listening works and techniques for active listening.

And gave 5 A's for active listening skills that are:

- ATTEND to what the person says.
- AVOID jumping to judgements.
- ACKNOWLEDGE what the person is communicating to you, let them know that you have got the message.
- APPRECIATE and genuinely try to understand their point of view.
- ASK open ended questions to encourage the person to talk more freely and openly.

Then Dr. Brijesh Singh continued the session with consulting orientations and provided suggestions on how consultants must negotiate and approach with their clients.

Then he provided an in depth study on startups by presenting one quote of Dr. A. P. J Abdul Kalam sir that is

Workshop Report on Research Methodology

Date: 23 Apr 2023

Time: 10:00 am

Venue: AC Seminar Hall

SEACET Research Cell, has conducted a one-day workshop on Intellectual property Rights on 23rd Apr 2023 at AC Seminar Hall. The workshop was about "Research Methodology." 35 faculties across the college have actively participated in this workshop. The workshop was started by the inauguration session. The workshop was inaugurated by honorable Principal Dr. B. Venkata Narayana & the guest of honor Usha Desai Professor SR University, Warangal.

The speaker & the guest of honor was Professor SR University, Warangal. The introductory session was taken by the speaker. In this session, a complete introduction to research mythology and its structure. In this session, the faculties were taught about the Case-Control studies in research, Cohort studies in research; Research Design, Experimental before and after studies of a research problem, Randomized controlled trial. Also, resource person explicated the research design and studies into two branches: Case-Control studies and Cohort studies. The nuances of the study focused on developing a research thesis and writing research articles. The quality of research stood the main ingredients. Practical representation of research drafts was displayed by the audio visual PPTs. The seminar was concluded with a vote of thanks by Dr. Usha Desai, R & D Dean, ECE. Sampling and questionnaire design part-1, Sampling and questionnaire design part-2, Steps in protocol development Critical appraisal of the journal article were explained. The collection of data classification and presentation of data Measures of central tendency, dispersion and probability distribution and statistical measures and significance was explored. Writing the proposals to funding agencies and the information about various levels of proposals evaluation was discussed. Finally, the workshop was completed with a vote of thanks by Dr. Anil Kumar SB, HoD Dept of MBA.

"A Seminar on Project Management for the Career Growth"

Organised by
Department of Civil, Mechanical Engineering
& MBA Department

In association with : IQAC and IIC

Date 19/04/2023
Time- 10.00am to 1.00pm
Venue- A/C Seminar hall.

Dr. Sundaresha S D
BE, ME, Ph.D (Lean Mgt.)
Consultant, Trainer, Techno-management
Project advisor, VGM Certified Lead auditor

**INSTITUTION'S
INNOVATION
COUNCIL**
(Ministry of HRD Approved)

OBJECTIVES OF THE EVENT:

- Understanding project management: The seminar provided participants with a clear understanding of what project management is, its principles, methodologies, and best practices.
- Enhancing project management skills: The seminar aimed to improve the skills of the participants in areas such as planning, scheduling, risk management, and communication.

PRINCIPAL
SEA College of Engineering & Technology
Ekta Nagar, Basavanapura, Virgonagar Post
BANGALORE - 560 049

- Networking: The seminar provided opportunities for participants to network with other professionals in their field, which can lead to potential job opportunities and collaborations.
- Professional development: The seminar helped participants develop their professional skills and gain knowledge that can enhance their career growth.
- Applying project management in the workplace: The seminar helped participants apply project management techniques to their current or future projects, improving their efficiency and effectiveness.
- Keeping up-to-date with industry trends: The seminar provided insights into emerging trends and new developments in project management, enabling participants to stay up-to-date and relevant in their field.

Overall, the objective of the seminar provided participants with the necessary knowledge, skills, and tools to manage projects effectively, which can lead to career growth and success. As seminar started faculties, students and other participants were treated with tea and biscuits. Dr. Sundaresha shared his inspiring story on how he got job in abroad and how he answered the question why should I hire you? With his self confidence, he said he is ready to work for two months without any salary and the interviewer can confirm his job position after two months, with his hard work, dedication, and self confidence he got the job. Dr. Sundaresha also shared the motivational new record by The East Coast railway one of the blue chip zones of Indian Railways that created a record by completing a subway construction at a busy railway track between Pendurthi and Kothavalasa line in Andhra Pradesh in less than 5 hours, without stopping a train. He further highlighted on how Civil engineers, Mechanical engineers, and Management all were involved in completing the task. It was a team effort which broke the record. Overall, the seminar provided valuable insights into the field of project management and highlighted the importance of this discipline in career growth. Students left the seminar with a greater understanding of the key concepts and techniques of project management and were motivated to apply these skills in their own professional lives.

Mr. Abhishek Singh started his lecture with an introduction to Intellectual Property Rights. He briefed the concept of Intellectual Property that it can be an Invention, Original Design, Trademarks, artistic creation etc. And explained that the Intellectual Property is an asset by acquiring a legal right over the property, the creator of the intellectual property seeks to ensure that he has exclusive right over it. He discussed in detail about the topics such as what is copyright? What do we mean by author or creator?" etc. And further elaborated the types of Intellectual Property and the importance of patent rights. He explained how to file a patent in India itself with respect to life science, biotechnology, computer science and physical sciences and also in the context of collaboration research. He briefed on IPR laws in different countries. Also he explained the Indian scenario of intellectual property system and Trademarks. Also, explained the roles and functions of department of Intellectual Property Rights (IPR) in India. He had given the complete information regarding the registration of Patent to the participants.

Snapshots from webinar are presented below.
